A Presentation on Multimedia Project

**The Documentary on
"Anthropogenic Climate Change"**

Created by: Pravesh Kumar Patel

What's Inside the Documentary

What is Climate Change

Impacts of Climate Change

Causes of Climate Change

Conclusive Evidence of Anthropogenic Climate Change

Solutions to Mitigate Climate Change

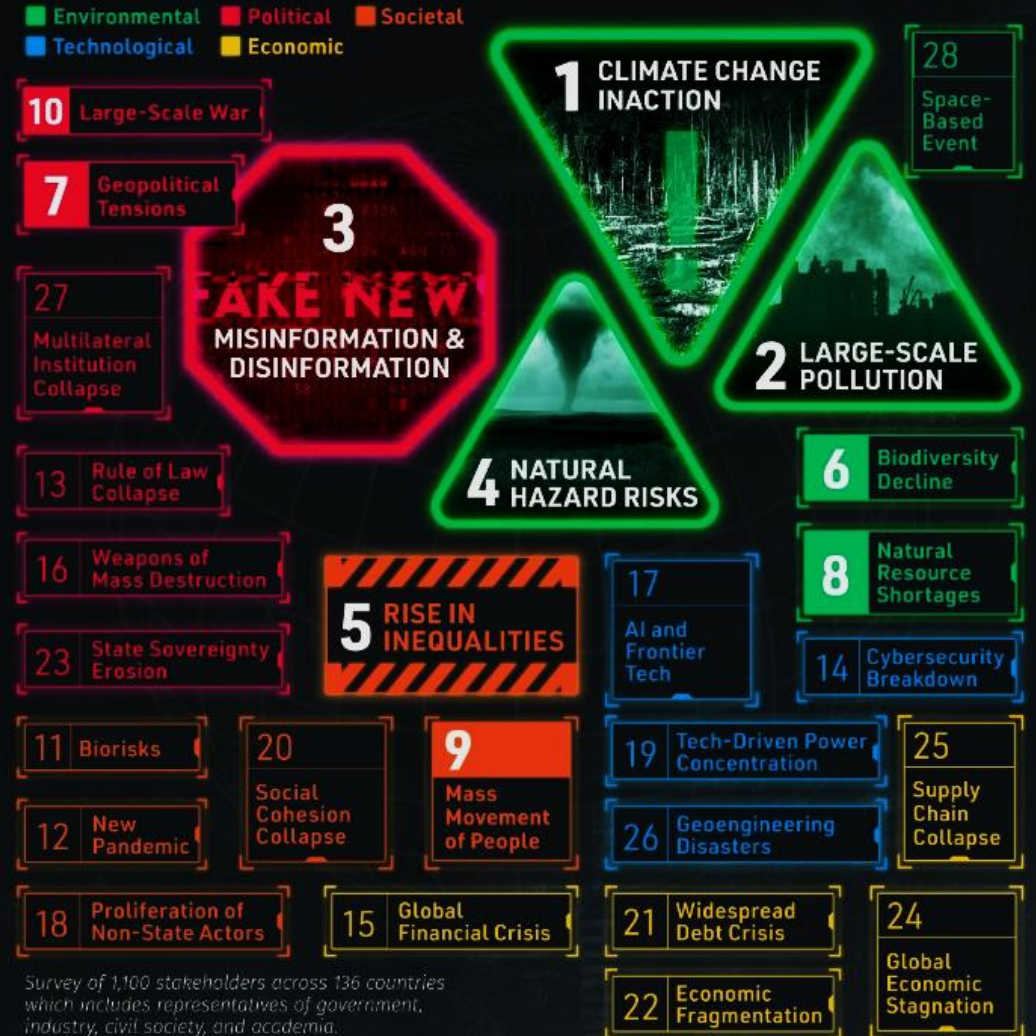

Why This Topic is Chosen?

"AND NO CHALLENGE
POSES A GREATER THREAT
TO FUTURE GENERATIONS
THAN CLIMATE CHANGE."

PRESIDENT BARACK OBAMA
STATE OF THE UNION ADDRESS 2015

THE MOST IMPORTANT Global Risks

Ranked by likelihood and severity, with top risks more likely to occur and have severe impacts.

How It's Made

1

Research

Sources: Primarily from Oxfam reports and articles based on IPCC findings.

2

Scripting

Written manually using Google Translate.

How It's Made

3

Voiceover Recording

Recorded manually using a mobile phone.

4

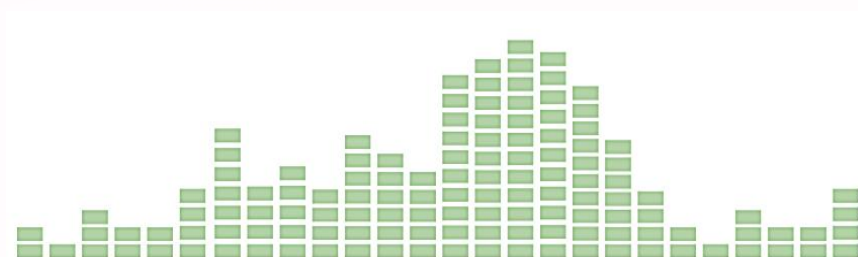

Editing

Software Used: DaVinci Resolve

Voiceover

Added and edited narration, normalized to YouTube standards, and applied noise reduction.

4

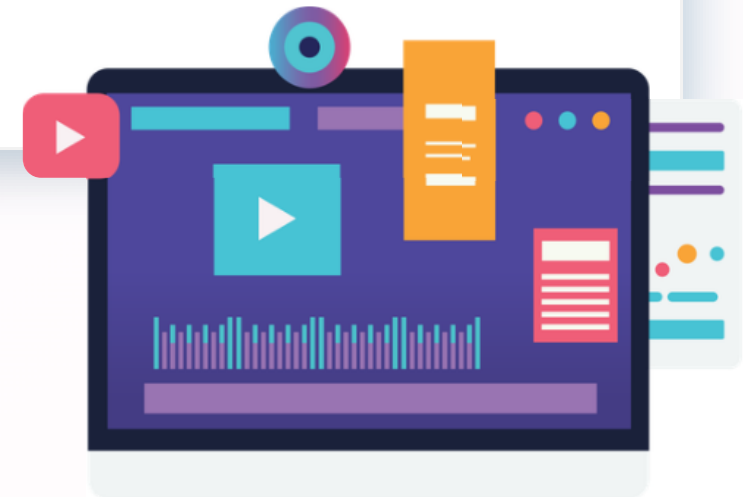

Editing

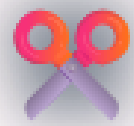

Video

Sources: Clips taken from YouTube channels such as Infinity Stream, Curiosity Stream, DW, Neom, and TED-Ed.

Work Done: Recorded, compiled, added transitions and animations.

4

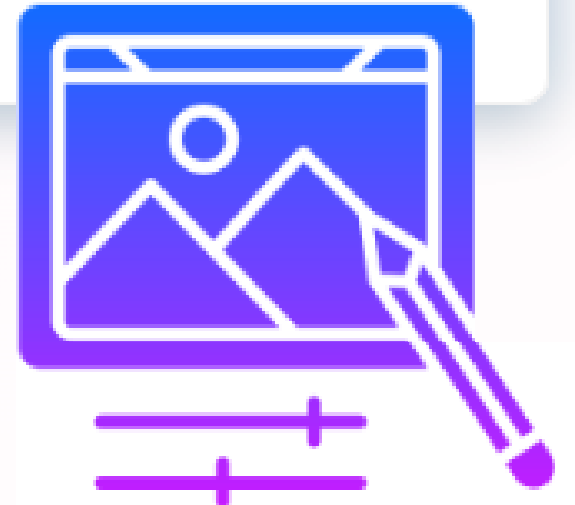

Editing

Images

Sources: Screenshots of articles and reports.

Work Done: Arranged and animated.

4

Editing

Background Music & Sound Effects

Source: Pixabay only.

Work Done: Added appropriate tracks and adjusted volume levels.

4

Editing

Subtitles

Translated the original Hindi script using Google Translate, then manually added subtitles line by line into the video.

About This Documentary

"The Age We Created: Anthropocene - Will It Be Our End?" explores humanity's profound impact on planet Earth. This powerful documentary examines how human activities have fundamentally altered our world, from climate change to biodiversity loss. Through stunning visuals and compelling narratives, we confront the critical question: can we change course before it's too late?

Thank You
